SEPANG, 18th SEPTEMBER 2025 – Paragon Globe Berhad (“PGB”) (KLSE:3611) (百丽环球), a Main Market-listed property developer on Bursa Malaysia Securities Berhad, via its subsidiary Builtech Acres Sdn Bhd, today announced the successful completion and handover of a **purpose-built facility** in Sepang, Selangor, to **Selgate Healthcare Sdn Bhd**.

The ceremony was officiated by **YAB Dato' Seri Amirudin Bin Shari, Menteri Besar of Selangor**, together with other dignitaries, highlighting the state government's support for public-private partnerships across Selangor.

This project represents PGB's first healthcare-related development, reflecting the Group's proven ability to deliver technically complex projects beyond its core residential and industrial portfolios.

Under a 15-year lease agreement, Selgate Healthcare will occupy and operate the facility. This arrangement establishes a stable, recurring income stream for the Group, complementing its property development earnings and strengthening its long-term growth trajectory.

Dato' Sri Edwin Tan Pei Seng, Executive Chairman of PGB, said: "The successful completion and handover of this facility is a proud milestone for PGB. It marks our entry into healthcare real estate, diversifying our portfolio and creating recurring income streams. More importantly, this project reflects our commitment to building developments that add value to businesses, communities, and the state of Selangor."

Dato' Noor Hisham Mohd Ghouth, Group Chief Executive Officer of SELGATE said: "Paragon Globe Berhad is an organisation that has proven its capabilities and achievements in the property development sector with proud success. Therefore, the decision to work with them was due to confidence in the quality, integrity, and commitment they bring. The handover of this facility not only symbolises the success of Paragon Globe Berhad, but also a shared success for SELGATE, where the synergy between the two parties is now manifested in tangible form."
